

BOO!

As Halloween time comes near
Little witches and ghosts will spread cheer
With some help from your neighbors
They'll have great success
Dropping Boo Baskets and treats at front doors
It's the best!

These goodies were left especially for you,
It is now your turn to make two or a few!
Place the Boo sign in your window to ward off the spooks
And to keep your neighbors from giving you two Boos!
Enjoy your treat and when you are done
It is time for you too to have some Halloween fun!
If you go to boobaskets.com you will see
You must print out this poem and Boo Sign, it is key!
All the instructions you need are right there,
Make a basket for 2 neighbors
Place them on their porches with care.
Halloween spirit will multiply fast
Jumping from the first neighbor's house to the last.
We want you to join in this fun little game
Spreading cheer and good spirit is its aim.
At the end of the day we hope to set the scene
For you to have a most happy and safe Halloween!

**WE'VE
BEEN
BOOED!**
